Eng - Intruder & Fire

Our ref: Eng-IntrFire/jobdescr 2024

Dear ***Applicant***

Re: Security & Fire System Installation Engineer

Thank you for expressing an interest in Engineer employment opportunities at ***HEWES;*** we have been trading since 1961 and our Head Office is based in South Woodham Ferrers

HEWES is still privately owned and the business has grown in size since the original locksmith business was founded in 1961, our service area now includes Intruder & Fire Alarms, CCTV, Safes and Access Control across Across East Anglia and London.

We are an NSI Gold Accredited Installer and offer a wide range of products for both Commercial and Domestic properties. Our aim has always been to provide a friendly personal service to our customers, giving help and advice for on their Security needs.

Our Engineer team members carry out installations, servicing, repair, commissioning and reactive maintenance on Intruder Detection and Fire and CCTV systems, as well as small works and repairs to complete systems.

We are looking for people who have good customer service skills and experience in the Fire and Security industry and the ability to work both under their own steam and as a team member.

If this is you and you have initiative, an outward personality and a sense of humour please get your application back to us as soon as possible!

If you have any questions then please give us a call on 0345 371 3245 taking option 3 and ask for Matt.

We look forward to hearing from you.

Yours faithfully

HEWES
